REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Reuben Elementary was rich with learning and excitement in 2005-06 for teachers as well as students. Teachers utilized a new initiative of the district (Early Release Days) to participate in team planning and data analysis. Curriculum mapping was the focus early in the year that helped all grade levels get a better picture of the standards covered in each grade and how these standards build upon each other from year to year. A local company donated 15 refurbished laptops to the school, making it possible for the teachers to incorporate technology in their lessons and in their professional lives. Eight teachers took graduate level courses to earn advanced degrees. These endeavors created collaborative conversations and planning among the staff, which led to a new energy and improved instruction in the classrooms.

Students were engaged in small group instruction meeting individual needs in all classrooms. Grades 2-5 took Measures of Academic Progress (MAP) twice during the year and gave teachers academic progress that guided the instruction. During the year the students participated in artistic fieldtrips to plays and ballets. Some classes visited museums or the State House. Our fifth grade took its traditional trip to Washington, D.C. in the fall of 2005. Poet Brod Baggert left the students with a huge impression of poetry and entertained the student body by reading his poems. One fifth-grade student was recognized by the State for her artwork being selected for use in the 2006 Safe Kids Calendar. Eight students became certified Junior Master Gardeners.

Service projects taken on by the students included collecting peanut butter for the hurricane disaster victims, collecting aluminum can tabs for the Ronald McDonald House, and supporting March of Dimes, and Relay for Life. The students raised \$1,578.00 for the Cancer Society.

Many students and parents attended the PTO Family Night and Sweetheart Dance that provided family entertainment at a minimal cost. The PTO also raised about \$15,000 to help add to the beautiful playground equipment that was purchased several years ago.

The school continued to be a beacon for the community by making AYP goals for the third year. It was also named as a Palmetto Silver Award winner.

Even though the school did not receive the benefits of being a Title One school for this year, it was still able to provide the after-school program to parents by increasing the charge for this service. About 45 students participated daily in this program throughout the school year.

As the spring arrived the school was informed that it would undergo massive renovations for the upcoming year. Mechanical and electrical upgrades will give the school a new look with windows replaced and new heating and air conditioning units for each classroom. These renovations will truly improve the appearance of the school and will make learning more comfortable for the students. Many people will be curious to see the new look. It will be exciting to begin the new year with a facelift to the facilities.
