Re: Panther Control Room Management Inspection CPF 4-2014-5033M. Notice of Amendment.

Dear Mr. Seeley:

Panther has reviewed the Notice of Amendment, dated December 10, 2014, associated with the subject inspection and does not contest the alleged inadequacies.

Upon receipt of the Notice of Amendment, Panther began reviewing, evaluating and modifying the procedures noted by the inspector and will be continue modifying those procedures in question during the coming weeks. Panther anticipates completion of the modifications by March 1, 2015 and will submit the revised procedures to your office upon completion.

I trust this plan and timeline is agreeable and if there are any questions do not hesitate to contact me at the number below. Please note that Panther Pipeline, Ltd. had a name conversion and is now Panther Operating Company, LLC. There were no entity changes made, other than the name change.

Sincerely,

Luis M. Guzman
Vice President and Secretary
