

SNAP software training

How you can use the new SNAP software to create
a safe walking and biking plan for your school

Training Objectives

- How to create a SNAP Plan
- How to use new SNAP Software
- How to create a map for administrators
- How to create a map for students and parents
- How to distribute the map

What is a SNAP plan?

- Required by Utah law
- Free SNAP Planning Guide and Software
- School Community Councils, Gold Medal School Mentors and Coordinators

What's in a SNAP plan?

- **Map**
 - Outlining safest walking and biking routes
- **Text description**
 - Explaining routing plan
- **Drop-off/pick-up map**
 - GMS schools required to submit

Steps to create a SNAP plan

1. **Perform an inventory by physically walking the routes**
 - Identify signals, stop signs, crosswalks, potential obstacles, railroad crossings, missing/damaged sidewalks
2. **Use SNAP software to create map**
 - Administrator map
 - Student map
3. **Create a text description of student map and safest routes**
4. **GMS must create drop-off/pick-up map**

Goal of SNAP plan

- A SNAP map should identify the **safest** walking/biking routes
- Should not show every possible route

SNAP plan review process

1. School's SNAP team submits plan for review to district's **Traffic Safety Committee**
2. Traffic Safety Committee submits plan to **local UDOT offices** and notifies **local jurisdictions**
3. Final snap **plan is reviewed, revised by SNAP team and accepted*** by appropriate jurisdictions
4. **Principal distributes** student map and text description to all students

**GMS must submit draft SNAP plan to Local Health Department by Feb. 5, 2009.*

New software features

- **Convenient**
 - Web-based software
 - Can be used on PC or Mac
 - SNAP map can be shared online
- **Accurate**
 - Interfaces with Google maps
- **Easy to use**
- **Updated SNAP Planning Guide**

Today's training will show...

- Logging into SNAP software
- Creating a school profile
- Creating an administrator map
- Creating a student map
- Sharing map with students and parents

SNAP
Student Neighborhood Access Program

SNAP Planning Guide

- Hard copy
 - Mailed to principals
- PDF
 - Download at udot.utah.gov/snap
 - Download from snapforschools.com
 - Download from GMS Guide,
 - pg. 49

Free SNAP Resources

- 35-minute musical safety presentation – SNAP, Walk 'n Roll
 - Schedule via e-mail:
 - snap@snapforschools.com
- Other free resources at UDOT's SNAP Web site
 - udot.utah.gov/SNAP
